

## TLOxp for Law Enforcement

Rely on fresh, actionable data – powered by TransUnion.

### **Point. Click. Find.**

TLOxp<sup>®</sup> for Law Enforcement is built to identify, track and locate criminals, suspects and fugitives. By providing access to powerful technology, analytics and data, it can help you successfully resolve crimes faster and more efficiently. This TransUnion solution has changed the game – saving time and money for thousands of law enforcement agencies nationwide. Armed with advanced search and locate technology and a customized, user-friendly interface, TLOxp for Law Enforcement can help verify a subject's identity in seconds, deliver a detailed history and determine likely locations.

- **360° profile** – Instantly find addresses, phones, places of employment, criminal records, bankruptcies, liens, assets, relatives, associates and more.
- **Speed** – Search through massive data repositories in seconds to find actionable information.
- **Fresh** – Our most current data for personal and business histories helps identify and locate even hard-to-find subjects.
- **Efficiency** – Input any data, even just a fragment of information, and TLOxp narrows down your searches instantly, providing a robust view.
- **Cost-effective** – Flexible options and competitive pricing.

### **SEARCH AND LOCATE FASTER – FREE DEMO**

## Save time. Reduce legwork. Identify and locate subjects.

TLOxp for Law Enforcement saves time by aiding in exploring leads and exhausting possibilities in seconds to deliver actionable subject information and locations. Stop wasting precious time following dead ends and start finding answers you can trust.

## Elevated search tools made for locating.

- **Partial data searches** – Enter partial information from addresses, SSNs, telephone numbers and more. Search by location radius or age range. Even enter a phonetic name spelling and TLOxp can narrow the search to the fewest possible options.
- **Driver's license searches** – Advanced search capability via expanded geographic coverage provides more extensive data to link relationships with relatives, acquaintances and business associates.
- **Address reports** – Run the complete history of any residential or business address to receive analytics-based rankings and right-party contact for subjects.
- **Real-time phone carrier search\*\*** – Access important mobile phone carrier details via the new, real-time phone carrier search.
- **Quick-search** – When the clock is ticking, quick-search enables you to immediately access critical information from the main page without expending additional time and effort.
- **Real-time incarceration and arrest data** – Retrieve nationwide incarceration and arrest information, monitor subject's activities, and be notified when incarcerated or an arrest has been made.
- **Social media comprehensive report** – Investigate the subjects online presence to learn possible whereabouts and identify associates.

## Control access, reports, search criteria and more.

TLOxp for Law Enforcement fits your needs – not the other way around. You set the access parameters, define search criteria, and decide who sees what and who doesn't. Then, create custom reports featuring your selected search criteria. Enjoy unmatched control to minimize user errors and enhance performance.

## Training and support

From login setup to help with reports, we deliver the industry's finest training and support services at no additional charge.

\*\*Additional information about real-time phone carrier search: Please note that the real-time phone carrier search is not included in flat rate or per seat pricing plans and is currently available on a transactional basis at a cost of \$0.30 per transaction.

Important information for administrators. If you utilize user groups for managing users, you will need to activate the real-time phone carrier search for your users. This can be done easily by clicking My Account and then selecting the User Groups tab. Real-time phone carrier search is now available for selection. If you do not utilize user groups, real-time phone carrier search is automatically available to your users. You may customize user access by setting up user groups.

TLOxp delivers an actionable picture of the relationships between people, assets and businesses, resulting from the fusion of 10,000+ public and proprietary data sources.

The image shows a screenshot of the TLOxp web application interface. At the top, there are navigation tabs for 'People', 'Business Plus', 'Criminal Records', 'Courts', 'Assets', and 'California'. Below these are sub-tabs for 'Advanced', 'Expert Plus', 'Expanded Expert', 'Deceased', 'Phone Report', 'Address Report', 'Licenses', and 'Phones'. The main content area is titled 'Advanced Search Phones' and includes a 'Select a Phone Search:' dropdown menu with options like '411+', 'Super Reverse Lookup', and 'Real-time Phone Carrier'. There are several input fields for 'Last Name', 'First Name', 'Middle Name', 'Business Name', 'Address', 'Zip, Zip 9, City, County, or State', and 'SSN'. A 'Phone' field is also present with a 'Phone (n/a or 7 digit)' dropdown. A 'RUN SEARCH' button is visible at the bottom of the search form. A 'People' popup window is overlaid on the search form, showing a 'Name' field, a 'Last Name Sounds Like' checkbox, an 'Exact First' checkbox, an 'Address' field, a 'Zip, Zip 9, City, County, or State' field, and an 'SSN' field. The popup also has a 'RUN SEARCH' button.
